

**Remarks**

Applicant elects Group I, Claims 30, 34, 37, 40, 43, 46, 49, 52, 55, 58, 61, 64 and 67.

Applicant also believes that Claims 70 and 73 should be included in Group I since they depend directly from Claim 30, which is included in Group I. It is believed that the listing of Claim Groups in the Action is in error, because Claims 70 and 73 do not appear in any of the groups listed in the Action. Therefore, clarification is requested and confirmation that Claims 70 and 73 are being included in Group I and will be examined in the instant application.

Respectfully submitted,

**McDONNELL BOEHNEN
